City Election Vote Will Be Light

CITY SETS MAY 1, TIME FOR VOTING $250,000 FOR PLAYGROUNDS AND BATH-HOUSE

PROPOSITIONS MAY CARRY IS OPINION ABOUT CITY TODAY

Circus parades and elections are not very closely linked to one another, but that of the Cole Bros. circus in this city today, brought about one enjoyable factor in that it got the people out to vote.

The toot, tooting of the steam calliope and he grr-grr of the wild lions all served to draw the housewives and those engaged in work about the home from their occupation to the polls.

VOTE IS LIGHT.

Up to noon today the vote at the several precincts about the city was light.

FREEHOLDERS ARE IN HIGH SPIRITS

Members of the Board of Freeholders are in high spirits as to the outcome of the election on the new city charter tonight. They believe that it will carry by a large majority.

Little opposition against the charter was in evidence on the streets today.

NEW CITY HALL SITE FAVORABLE.

Business men of the city who made a thorough campaign of the city with regard to the new city hall site at Tenth street and Nevin avenue are confident that the bond issue will easily carry. They figure on a large vote from both the Point and Santa Fe district to carry the election for them.

FROM SACRAMENTO.

Mrs. Mary Fulton returned here yesterday following a brief visit to Sacramento.

ALMA GLUCK RAISES VOICE AGAINST WAR

BOSTON, March 3.—"Shoot your sons dead, American mothers, before you allow them to enlist for war," is the advice of Alma Gluck, the singer and wife of Zimbalist, the violinist. Mme. Gluck is of Rundanian birth, her husband is a Russian. "If every woman would pledge herself to kill her sons before she let them go to war there would be no war," she contended with emotion in an interview intended for American mothers in general and Boston mothers in particular. "I would, before I would let a son of mine go to war and be shot after he had killed the sons of other women. I would shoot him myself with my own hands. You think he might live? Maimed, crippled or sightless? Ah, that would be worse than death. War is never justifiable—never, never, never! Mme. Gluck has two daughters, a girl of 13 and a baby of 18 months but no sons.

AT PINOLE.

Constable Fred Davis was a business visitor at Pinole today.

UNITED STATES WAR ACT IS TEMPORARILY HALTED IN SENATE

LA FOLLETT IS WINNER OF NEW DELAY IN CRISIS

(Special to Record-Herald)

WASHINGTON, April 3.—Opposition by Senator Robert M. La Follette of Wisconsin blocked immediate consideration by the Senate this afternoon of the Flood-Martin joint resolution, declaring that a state of war exists between the United States and the German Empire.

The Senate adjourned at 1:01 o'clock until tomorrow, nine minutes after Senator Hitchcock had called the resolution up for consideration. No action was taken on the resolution. The House also adjourned until tomorrow.

Unprecedented confusion followed La Follette's objection to immediate consideration of the resolution.

Senator Martin, the majority leader, took the floor to protest against La Follett's objection.

"I do not believe that any other business should come before this Senate until this resolution is disposed of," shouted Senator Martin. The galleries burst into wild applause. Senators themselves cast aside all the customary dignity and joined in the din.

Vice President Marshall pounded for order, but failed to silence the demonstration for several minutes.

"I demand the regular order!" shouted La Follette.

Reluctantly, Vice President Marshall, without comment, ruled that under the rules the resolution must go over until tomorrow as La Follette had demanded.

MRS. DAN KINNEY IS GUEST AT LUNCHEON

Mrs. Dan Kinney, of this city attended a luncheon in Oakland yesterday, given by the East Bay Matrons Association of the Order of the Eastern Star. Mrs. Kinney is treasurer of the Association which is one of the foremost Masonic auxiliaries in California.

SENATOR ROBERT LA FOLLETT—of Wisconsin who today won a sharp debate in the United States Senate for a twenty-four hour delay in action on this country going to war with Germany.

SHARKEY STAYS WITH BOOZE TO THE END

The passage of the Rominger bill in the Senate yesterday, after the matter came up for reconsideration, still found Sharkey lined up with the booze interests. On the vote for reconsideration he voted "No" and on the vote for the passage of the bill he voted "No".

Struckenburg and Carr who had originally voted against the bill listened to the appeal of their constituents, and finally changed their votes, which insured the passage of the bill, but not so with the representative from Contra Costa, he stood pat, and notwithstanding the appeals made to him stood for the continuance of the booze evil and the allied vices that go with it.

There is strong talk, all over the district, which comprises Contra Costa and Marin of starting recall proceedings.

This same Sharkey a few days ago also voted for what is known as the "apprentice bill" which is against the interests of union labor.

SOME FEAR IS EXPRESSES BY BOARD AS TO BALLOT FORM

Tuesday, May 1, is the date set by the city council last evening for the voting of $250,000 bonds for acquiring seven playground sites and a municipal bath-house.

The seven playground sites approximate a cost of $180,000. The bath-house structure will cost $70,000.

ACCEPT REPORT.

In accepting the report of the Playground Commission the council thanked that board for its work which they said had been well performed.

EXCEPTIONS.

Exceptions were taken by several members of the board in regard to the bond election.

Lane—"If both issues are combined on the ballot they will surely be defeated.

Gerlach — "I differ with Mr. Lane. Either have both issues win or lose on their merits."

Garrard—"If each issue is put up separately they will surely lose. Both projects should be combined."

Hall—"Legally I am not sure whether the bath-house matter and the playground project can be combined on the same ballot."

Long—"Council, playground commission and school trustees should call a mass meeting for a discussion of the projects."

FINAL REPORT.

Chairman Frank Gardner of the Playground Commission reported to the council that the commission had made a survey of all the possible playground sites and were content to allow the matter to rest with the people for a final decision believing the projects would receive unanimous endorsement by the voters.

The whole affair was finally referred to the city attorney to report on at the special business meeting of the council Wednesday afternoon.

MAY REDUCE CITY WATER RATE BY A NEW PLAN

A reduction in Richmond's present water rates is possible, if the plan proposed by attorneys at the Railroad Commission hearing into the East Bay Water company's interests in Oakland yesterday are carried out.

The plan proposes to have various sized pipes laid to the fire hydrants for which the city will pay a pro rata which in all probabilities may reduce the general water rate of the city.

THE CALL TO AMERICAN MANHOOD

The president of the United States has been authorized by the congress to make war on Germany for the purpose of crushing that country's frightful methods of slaughter and to bring peace to the entire world. It is the purpose of the chief executive of the nation to call upon the country for 500,000 men at once and possibly there may be a further call.

There is not a question about the response and that the call will be more than met by the millions of patriotic young men who are eager to fight for the nation which gave them birth. We have the patriotism, bravery and inventive genius to clear the seas of the terrible German U-boats and there is not a doubt of the results of the struggle or who will be the victors. It will be a fight to the finish.

It will doubtless be a fight on the high seas and the task will be to find the German submarines and destroy them. Therefore the men who will see the real excitement of battle will be those who enlist in the navy arm of the government service. They will be the first to hear the cannon's roar. Theirs will be the greatest task which a nation at arms entrusts to its bravest men.

It will be a privilege to perform this great public service. It will not be a case of doing police duty on the border. There will be enough of adventure and excitement about it to satisfy the most venturesome. Chasing German U-boats on the seas to uphold the flag and the rights of America furnishes opportunities for the young men of today which have not been offered in many a year.

The United States did not want war. It did not make this situation. It was forced upon us just as the war was carried into

But now that the war has come, we do not believe that the men of this country will be found wanting. There is enough patriotism, bravery and daring left in the American breast in these days of the pursuit of the dollar to carry the flag to victory on land and sea, and we expect to see many times the number of recruits called for, offer to enlist under the president's call to arms.

WHO ARE PATRIOTIC PEOPLE?

With disgusting iteration, the pro-Germans and mollycoddle pacifists repeat the story that America is being dragged into the war in the interest of the munitions makers.

Here are the facts: The United States steel corporation, the Bethlehem steel plant, the Midvale and Ford plants have offered to turn their entire works over to the government without profit just as long as the war lasts. The same offer has been made by the manufacturers of army rifles and rifle ammunition. The ship manufacturers, who were working overtime on private contracts at fifty per cent profits have tendered their plants to the government at ten per cent profit with the government, as the sole judge of when that ten per cent has been earned.

Every important copper interest in the United States has offered to furnish copper at fifteen cents a pound, whereas they are now getting thirty-five cents for all copper they can mine and the price of fifteen cents counting the advance in the cost of material and labor will barely let them out clear. Senator Clark is authority for the statement that it costs thirteen cents to mine and mill copper in 1915.

It now develops that the pacifists, instead of having a monopoly on patriotism are decidedly short of the commodity.

Whether the charter election carries today or not, the fact remains that the people are going to demand that a more economical governmen for Richmond be established. According to the figures of John S. Chambers, state controller, it is costing every man, woman and child in Richmond the terrific sum of $41.77 for municipal government and if our friends in newspaper work in Richmond will investigate and not jump at wild conclusions they will be convinced that the state controller is right. It will not avail the people of Richmond to bury their heads in the sand and attempt to evade the issue. Every debtor must pay that which is due to his creditors and Richmond must pay just as sure as the sun rises and sets. We know this is not pleasant to hear, but jut the same the truth must be brought home to those who will not be convinced, except it be shown them by kindergarten methods.

So long as he's blamed by both jingoes and pacifists, the president knows he has sufficient reason to count on the support of the rest of us.

Some men are cranks; some self-starters, and some could not be started with dynamite.

Bet an onion that there will be no "pussy fist" filibustering at the extra session of congress.

Among nations as well as individuals the bully always eventually gets what is coming to him.

Booze lovers in "dry" territory have taken to buying books—that carry concealed bottles.

The island business still booms—Japan has just bought one, off the coast of China, from Portugal.

APRIL FOOL PARTY TENDERED MISS ROCK

Little Miss Geraldine Rock was hostess Saturday afternoon at the home of her parents, Mr. and Mrs. George Rock, 468 Thirteenth street to a number of her friends at an April Fool party. The party was in the nature of a complete surprise to the young hostess. Games, music and dancing took up the afternoon following which refreshments were served. Those attending were Evleyn Wright, Maurine Boone, Irene Richie, Margaret Carey, Lillian Curtiss, Regina Eicher, Gladys Rouse, Elverda Milnes and Helen Clark.

HEAD STUFFED FROM CATARRH OR A COLD

Sage Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

COLE BROS. CIRCUS ARRIVES HERE TODAY

The circus is here!

The parade of Cole Brothers' world toured show was given in Richmond this afternoon and it was witnessed by a good-sized crowd. The afternoon performance was well attended and another big crowd will be present tonight.

When the big procession passed through the crowded streets there were many expressions of approval for the people seemed to have felt repaid for the trip downtown. The costumes of the riders were new from the buglers at the head of the parade to Madam Liberta Zona Miles, the Hindu princess, who drove Myrtle, the big elephant from her seat in the two-wheeled cart.

ANIMALS APPEAR EXCELLENT.

The animals were all sleek and apepared to have passed a comfortable winter in their quarters at the fair grounds in Riverside. Every wagon in line had been treated to a fresh coat of paint, with new decorations of gold and silver leaf.

The animal acts as presented at this afternoon's performance were probably the best ever seen here.

Cheerful Gardner, the elephant trainer, is true to his name, a happy-go-lucky chap, who has trained the troupe of elephants so that they work faster than any troupe in existence.

Charles Gay, the lion trainer with his $50,000 group of black maned beasts of the jungle, presents a real sensational act. These ferocious beats, although seemingly trained, still keep the audience on the anxious seat throughout the long act, as every moment it seems that the trainer is taking his life in his own hands, trying to subdue the savage beasts.

Miss Murel Croft the little French girl, who goes into the steel arena with a group of leopards and panthers has an act that is really wonderful.

WIFE ILL.

Captain Newsom of the ferryboat Charles Van Damme was called from his post Sunday by the sudden illness of his wife who suffered an attack of appendicitis. Navigation of the steamer was left in charge of First officer Fernholtz.

LOSES CHARTER.

The Union Oil company lost a good charter yesterday. The tanker Cordelia has been commandeered by the British and is no longer at the charter service of the Union Oil company.

The Cordelia was under a ten-year charter to the Union Oil company at $450 a day. Under present conditions she should easily be rechartered at $100,000 a month.

TANKER STANDS BY.

Recently the Standard Oil tanker D. G. Scofield was in wireless communication with the Tjiktmbang. The latter thought she was in a bad way and asked the Scofield to keep in daily communication with her. Here is the last message:

Captain, Scofield: Tjikenbang will give you position at nood during next four days. Baro go low from 447 to 750, gale from w. sw. w and w nw., thunder and lightning; Baro go up and down a little. Last night strong west gale, tremendous sea; had to moderate speed since 2 a. m. Baro going up, reads now 756; expect weather will improve during four days. Tjikembang was a real submarine; much damage on forcastle head.

COMMANDER, Tjikembang.

And the next day there came wireless rumors of a raider in the Pacific from the Tjikembang.

DIAMOND NOTES

"SPEED" IS THERE.

After what Speed Martin did to the Beavers yesterday maybe Charlie Comiskey will give the local youngster a tumble. Pitching for Marysville against the Portland team, Speed sent the opposition down with two hits and no runs in the six innings he worked.

"POP" IN OPENER.

"Pop" Arlett ,former Richmond and Martinez player will heave the opener for the Oaks against the Angels in the southland. "Pop" has showed more stuff on the ball lately than all of Boss Howard's twirling staff combined.

STARS IN TRIPLE.

"Atta Boy" Murphy, playing first base for the Oaks in the place of Carl Zamlock featured in a cleverly staged triple play in the Oaks Paso Robles game yesterday. O'Mara was on second.

SOUTH RICHMOND CLUB TO MEET

The South Richmond Improvement club will be entertained at the home of Mrs. W. L. Lane, 219 South Fifth street at 2:00 o'clock tomorrow afternoon.

Following a short business meeting the members of the club will enjoy a social afternoon.

STITCHING AND QUILTING

NEW YORK, April 2.—Picturesque after mediaeval types are many of the best costumes worn here. Women at evening affairs often look as if they had just stepped out of their frames as Rembrandt portraits, while even street attire smacks of Florence in the middle ages.

STITCHING AND QUILTING

Stitching and quilting done by machine in course silk thread is very much used, and notably in accord with the mediaeval trend, and is employed quite as successfully with silks, satins and chiffons as with the heavier woolen fabrics. Embroidered designs developed in chain stitch, that closely resemble Turkish embroideries are notable in the new showings and are usually wrought on chain stitch machines.

Braiding with narrow soutache remains a favorite trimming device often used in combination with embroidery, and every sort of tassel and drop ornament finds a place in fashionable favor.

COLOR COMBINATIONS.

Color combination was never so striking and garish as at present but the best examples show a certain restraint in the combinations, or have the vivid tints modified by lines of black that harmonize the contrasts. Continental blue and yellow are much used, and with all the Orchid and opalescent hues.

UNUSUAL DESIGNS

Clever designs combined with careful attention to details of trimming and finish, developed in modish materials, are accountable for the popularity that Betty Wales dresses have attained with a class of people to whom the average ready made frock makes no appeal.

It saves so much time and trouble, to say nothing of expense, to be able to find dresses as smartly refined as these youthful creations. The new Spring showing is varied and attractive enough to supply the right frock for any occasion. The silks and linens appropriately made find favor not only for the junior contingent, but for older women, who appreciate their smart simplicity and distinction.

SPRING TOP COATS.

Top coats follow much the same lines as those that prevailed during the winter, but lack the fur trimmings and are more often half lined, and run rather fuller. A new sleeve that is not a raglin but resembles it, is smartly endorsed and very many capes are used as well as the huge convertible collars that we have seen so much of for the past two seasons. Stitching in heavy silk, and quilted cross stitchings are much used, and hoods and sashes are in evidence. Light weight velours, and fancy checked and plaided coatings are liked, and the various lime greens and gold shades continue, though the grays and putty tones are newer.

VISITED SACRAMENTO.

Issac Lester and wife made a trip to Sacramento today to attend the funeral of an old friend and neighbor who died in the capital city on Sunday. They will return home this evening.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

American men and women must guard constantly against Kidney trouble because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night;; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

OUT OF GLOOM

Many a Gloomy Countenance in Richmond Now Lightens With Happiness.

A bad back makes you gloomy. Can't be happy with continual backache.

The aches and pains of a bad back are frequently due to weak kidneys.

Doan's iKdney Pills are recommended for weak kidneys.

So Richmond citizens testify.

Mrs. J. L. Miller, 429 Fifth St., Richmond, says: "I suffered from lame back and other symptoms of kidney trouble. I had a steady, dull pain in the small of my back, which affected me the most when I was doing my sweeping. I had a tired, drowsy feeling and became exhausted easily. Two boxes of Doan's Kidney Pills, procured at the Richmond Pharmacy, proved satisfactory in every way and helped me very much."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Miller had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advt.

HANS WAGNER ABOUT READY TO QUIT GAME

To the list of time-frayed baseball heroes whose careers were ended last season by the crowding years will soon be added the name of Hans Wagner. The big Dutchman, now in his forty-third year, will probably not play through another season. Last year he was forced to spend much of his time on the bench, although it was planned by Manager Callahan of Pittsburg to play the great shortstop at first base this year, it is now doubtful if he can stand the strain of another season. Wagner is perhaps the most picturesque figure in the game, and has been for many years. He recently had a conference with President Barney Dreyfuss about his contract for this season and he then told the owner that he wanted to become a baseball scout and search through the minor leagues for new playing talent. Wagner has been retiring for a long time, but this was the first intimation that he has ever given out that he actually admitted his playing days were over. Another indication of it is that Manager Jimmy Callahan is already grooming new players for shortstop and first base on the Pittsburg team.

GOES NORTH.
